## Frequently Asked Questions

Town Hall staff gets asked a variety of questions when people come by the offices or when they call. To make things easier, we thought it best to include some answers to frequently asked questions hoping to better inform everyone. Feel free to contact Town Hall at 919.556.3506 if you need further details.

### What bills can I pay at Town Hall (502 Southtown Circle)?

- Water and Sewer - Yes, the City of Raleigh accepts cash, check, money order, or credit card
- Garbage - Yes, the Town of Rolesville accepts cash, check, or money order. Payments made by credit card are only accepted via the Town of Rolesville webpage.
- Taxes - Yes, Wake County accepts cash or check
- Gas, Electricity, Cable & Internet - No

### What are the hours of operation of the Rolesville Post Office?

The United States Postal Service's Rolesville branch office is located at 6470 Rogers Road. They are open Monday through Friday from 9:00 am to 12:55 pm and 2:30 pm to 4:00 pm. They are also open on Saturday from 9:00 am to 11:30 am.

### How does the "Tax and Tag Program" affect me?

In 2005, the North Carolina General Assembly passed a law to create a combined motor vehicle registration renewal and property tax collection system. The law transfers responsibility of motor vehicle tax collection to the N.C. Division of Motor Vehicles (NC DMV). This new Tag & Tax Together program was designed as a convenient way to pay annual vehicle tag renewals and property taxes in one transaction. Beginning with renewal notices mailed in July 2013 and due in September 2013, your registration renewal and property tax will be due the same month each year. The NC DMV will send a new combined notice that includes both the vehicle registration fee and property taxes. You will not be permitted to renew your tag without paying ALL taxes owed on the vehicle. Payment for the new combined notice **cannot be made at Town Hall**. You will pay both the registration fee and property taxes to the NC DMV via mail (send a check or money order to the address listed on your renewal notice), in person (at a local DMV office), or online ([ncdot.gov/dmv](http://ncdot.gov/dmv)). For specific questions, please contact the North Carolina DMV at 919.814.1779.

### Where is the nearest DMV office located?

The nearest DMV office is located in Wake Forest at 2012 South Main Street Suite 502. They can be reached by phone at 919.554.0770.

### Where can I register to vote?

You can register to vote by filling out the proper paperwork from the Wake County Board of Elections. Visit their website ([wakegov.com](http://wakegov.com)) or contact their office at 919.856.6240. Once you have filled out the forms and submitted them, you should receive a voter card in the mail within a month. The card will list your polling places and your districts. There is also a deadline for submitting your voter registration application prior to each election. It must be postmarked or personally delivered by the 25<sup>th</sup> day prior to the election.

## ReDiscover Rolesville

*ReDiscover Rolesville* is a comprehensive transportation, land use, and parks/open space planning process that the Town is undertaking to help us prepare for the future. Our rapid pace of growth is changing our demographics, our view of our Town, and how we think about the future. Following in the wake of the *NorthEast Area Study* (NEAS), the *ReDiscover Rolesville Comprehensive Plan* will identify and address land use (and the zoning code and standards that reinforce desired land use patterns); transportation systems, including planning for the opening of the Rolesville Bypass; a full update of the parks/recreation/open space plan for our Town; and considerations of supporting services, costs, and implementation actions. Our citizens and businesses will be a crucial part in helping us determine goals/objectives, identify key issues of concern, and validate or adjust our initial recommendations.

Public engagement for *ReDiscover Rolesville* will feature multiple ways for people to offer their ideas and feedback during the planning process. While not the best engagement solution for everyone, social media has become an essential part of many public (and private) engagement efforts. A MindMixer™ site will serve as the project website, which will house information for town residents as well as the project's Steering Committee; announce events; offer easy access to information; and create a platform for engagement through a series of one-question surveys. Videos, short "auto-play" presentations, and images developed during the planning process will be hosted here to support other public engagement options. These techniques do not work without direct involvement from the community and stakeholders, and so conducting small focus groups, working with our steering committee, and a telephone survey will be used to obtain additional information and create a following for our project.

<http://rediscoverrolesville.mindmixer.com/>

## Stay Connected

It has been said that "communication leads to community". The Town of Rolesville has a goal of keeping our citizens and businesses informed. A system is in place to stay better connected with our residents and businesses. If you would like to receive phone calls on your home phone or mobile device, emails, and/or text messages from the Town on various issues, then you need to sign up TODAY!!! Please contact Town Hall at 919.556.3506 or e-mail the Town Manager at [bryan.hicks@rolesville.nc.gov](mailto:bryan.hicks@rolesville.nc.gov) and we'll get your information into the system.

**Messages are sent out regarding:** Emergencies, Festivals, Parades, Concerts, Storm debris collection, Parks and Recreation program registration, Delays in town services due to weather or holidays and much more!

## Solid Waste Services

The Town of Rolesville contracts with Waste Industries to collect all solid waste and recyclables. Below is a list of the rules and regulations regarding this service. The scheduled day of pick up for BOTH trash and recycling is Wednesday.

It is a town ordinance that all homes and businesses have weekly waste collection. This is in place to protect your property from nuisance odors and pests if one's waste was not hauled away.

### Here are some of the guidelines regarding **SOLID WASTE COLLECTION**:

- Waste Industries asks that you place your container within five feet of the curb or edge of your street the night before your scheduled day of service. The trucks start their collections at different times depending on the area that they are working.
- Please bag your household trash. This will help keep down the smell in your container and the possibility of loose trash blowing out of the trucks while in the process of dumping your container.
- The 96 gallon rollout cart is normally large enough to hold the trash that is produced by an average size family. An extra bag or two, occasionally, is permissible. Please be aware that if there is an abnormally large amount of trash in the street, Waste Industries may charge for an additional pickup.
- If you have bulk waste or white goods that need to be collected, please call Waste Industries at 919.662.7100 to schedule a date for collection.
- All other billing and pickup questions should be directed to Town Hall at 919.556.3506

### Here are some of the guidelines regarding **RECYCLABLES COLLECTION**:

All of your recyclables will be picked up by one truck. Please combine paper, plastic, aluminum, and glass in ONE container and do not separate the materials within the 64 gallon rollout cart. It is easier to separate them at the transfer station than at your residence.

#### **Below are the items that ARE ACCEPTED at curbside:**

- Plastic items are recyclable if there are numbers 1-5 on the container (found on the base) Please be sure containers are EMPTY as much as possible
- Six pack plastic holder rings. Please cut these up into pieces, if possible.
- Any color glass is acceptable except blue
- All white /colored paper with any color ink
- Computer paper, blueprints, phone books
- Copy paper, any color
- Sticky Notes, Index cards

## Yard Waste Collection

The Town of Rolesville wants to be good environmental stewards. We do not want to put yard waste in the landfill nor is anyone allowed to burn it within the municipal limits. Therefore, the town contracts out the collection of all yard waste debris via a private contractor. Listed below are the rules and regulations along with some frequently asked questions.

### What IS collected?

Vegetative matter resulting from landscaping maintenance including but not limited to leaves, twigs, grass, limbs, hedge clippings, hay pine straw, pine cones, and logs.

### What is NOT collected?

- Building materials
- Landscape materials
- Plant pots
- Plastic trays
- Mulch bags
- Dirt
- Rocks
- Materials cut up by a contractor and not the resident

### How should it be placed by the road?

- All debris should be placed into CLEAR plastic bags or 35 gallon trash containers.
- Limbs and brush larger than 1" but smaller than 6" in diameter must be no longer than 6'.
- Limbs and logs larger than 6" in diameter must not exceed 2'.
- Logs must not exceed 10" in diameter.
- No stumps, fences, poles, etc. will be collected
- All items are to be placed at the curb by 7 AM on the day of pickup.

- Pickups will be from occupied residences only. Not from vacant lots or unoccupied properties.
- Have it clean of trash.

### How much will be collected?

- Piles are not to exceed 4 cubic yards per bi-weekly pickup.
- Trash cans and bags are not to exceed 10 per bi-weekly pickup and not exceed 50 lbs.
- Logs are not to exceed 75 pounds per bi-weekly pickup.

### What if a contractor is hired?

Any yard waste pruned or cut by a contractor will be the responsibility of the contractor to remove from the property.

### What about leaves?

- Leaves are picked up loose at the curb from October 12<sup>th</sup> through March 2<sup>nd</sup> of each year.
- From March 14<sup>th</sup> through September 26<sup>th</sup> of each year grass clippings, loose leaves, pine straw, etc. must be either placed in clear bags or in a container.
- Leaf piles and bags must be free of limbs, trash and debris.

Yard waste is picked up every other Monday. Below are the pickup dates for 2016. Please note the days highlighted with \* symbol. These are dates affected by a holiday and pickup is not the regular Monday.

January 4 and 19*	July 5* and 18
February 1, 15, and 29	August 1, 15, and 29
March 14 and 28	September 12 and 26
April 11 and 25	October 10 and 24
May 9 and 23	November 7 and 21
June 6 and 20	December 5 and 19

If you should have any questions about your pickup collection or if you feel your yard waste debris was missed, please contact Town Hall at 919.556.3506.

### Drawing<sup>#</sup>

Humans' very first efforts at communication with one another were simple sketches on the walls of caves. This gave way to the need to place markings by means of the careful, practiced "eye-hand coordination" that we now know as the written language. The Internet, arguably the largest invention in recent history, is at its root a visual communication method. Engineers and architects with their rolls of plans, doctors with x-rays, pilots with maps,.. etc; we all more than likely use graphics millions of time throughout our day. Not a single author in this world would deny the old saying is absolutely true "A picture is worth a thousand words."

Do you want to learn to draw? We will explore this through classical methods utilizing both direct measuring and observational proportions. Whether you are interested in drawing to help you with your paintings, to learn how to "see" objects in the world more accurately or, as with me, you are wanting to improve upon your drawing for use in all the activities of your life...please join us!

### Movin' & Groovin'<sup>^</sup>

The Town of Rolesville Parks & Recreation Department is partnering with Wake County Human Services' Health Promotion Chronic Disease Prevention and 4-H Youth Development Sections to bring the award winning Movin' & Groovin' walking series. This event is specifically planned to encourage families to increase their physical activity in a free, fun and safe way. Mini physical activity sessions as well as organized walking will be facilitated weekly for adults and children will be engaged in exercise activities and nutrition education. Main Street Park provides a venue for families to enjoy beautiful outdoor resources that are available right in their own community. Please join us for a fun time the whole family will enjoy for FREE!

All	Thursday	6:00-7:00 pm	June 16 - July 14	FREE	134

### Rolesville Dance<sup>^</sup>

Join us on the last Monday of each month at the **Raleigh Moose Lodge (2824 Forestville Road)**, for good times, good company and dancing! We will have alternating live bands each month providing the rhythm. Snacks are raffled at the first intermission as door prizes. Sign-in begins at 6:30. You **do not** have to be a Moose Lodge member to attend.

### Tai Chi<sup>#</sup>

Tai Chi consists of fluid, gentle movements that are relaxed and slow in tempo. This program is based on Sun Style Tai Chi. The program includes qigong (breathing exercises), special precautions and tai chi movements. Sun Style is especially beneficial for arthritis because it contains powerful qigong exercises to enhance healing, agile steps to improve mobility and much depth to hold learner's interest. Instructor: Norma Ferrell

## Winter and Spring Programs

### Yoga<sup>^</sup>

This class will emphasize the healing benefits of yoga with slower movements and connection to the breath. All levels are welcome. The practice will be especially beneficial for those who are recovering from injury or illness, or if you simply want a deep gentle yoga experience. Instructor: Sunny Davis

Ages	Day	Time	Dates	Fee
18 and up	Monday	6:00-7:15 pm	January 4 - June 27	\$12 or \$60 for 6 classes

### Zumba<sup>^</sup>

We take the “work” out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you’ll see why Zumba® Fitness classes are often called exercise in disguise. We also do Zumba Toning within the workout. It adds in light weights to the workout - no more than 5 pound weights are used.

Instructor: Z-Fitness with Jacque Inc.

Ages	Day	Time	Dates	Fee
13 and up	Wednesday	6:30-7:30 pm	January 6 - June 29	\$5 or \$25 for 6 classes

## Day Trips / Special Events

### Athletic Equipment Swap<sup>^</sup>

The Rolesville Parks & Recreation Department will be collecting your gently used sports equipment that either no longer fits or your child no longer needs during the month of January and February, during office hours. Some cleats may only get one year of use before your child outgrows them. This program allows you to donate those items! On Saturday February 27<sup>th</sup> and July 16<sup>th</sup> from 9:00 am until 12:00 pm you can come view all the collected equipment and pick out a new set of cleats or other equipment completely FREE! We will collect your donations for the month prior to the swap date.

### Battle of the Neighborhoods<sup>#</sup>

The majority of Rolesville residents reside within subdivisions, the Parks & Recreation Department would like to bring everyone in town together by participating in friendly competitions! The whole family can come out and support each other and their neighbors.

#### How it Works

Each subdivision within Rolesville's town limits will be allowed to participate. Those residents not residing in a subdivision will be considered as their own subdivision. There will be several divisions for each competition, a competitive division and a social division. The social division will not count towards the points for the overall battle of the neighborhoods. Each subdivision will receive one point for each team entered into each competitive division, number of teams (max of two points) is unlimited and players can only be listed on one roster per division. Each team that finishes in first place will receive ten points (10), second place will receive six (6) points and third place will receive three (3) points. The subdivision with the most points will be crowned champion of Rolesville's battle of the neighborhoods.

#### Participants

Every participant must be 18 years or older and live within the subdivision by the date of the competition. Proof of residency will be required when rosters are due.

#### Eligible Neighborhoods

Averette Ridge, Carlton Pointe, Cedar Lakes, Drayton Reserve, Granite Crest, Granite Falls, Granite Ridge, Hampton Pointe, Heritage East, Old Towne, Pine Glen, Terrell Plantation, Villages of Rolesville, Wall Creek, Watkins Farm & Non-Neighborhoods

## How Do I Get a Building Permit?

### STEP ONE

“Do I need a building permit?” According to the State Building Code, you need a permit if:

1. The cost of construction exceeds \$5,000; and/or
2. Any wall being constructed exceeds 12 feet in length or height; and/or
3. If the square footage of the improvements exceeds 144 square feet; and/or
4. If the improvements will be attached to the existing residence or other building; and/or
5. If you are installing, replacing or relocating any plumbing or heating appliance or equipment; and/or
6. If you are installing, altering, repairing, replacing, or relocating any electrical material, appliances, or equipment.

### STEP TWO

If any of the items above do not apply, then you do not need a building permit for your project. You do, however, always have to comply with the Town’s zoning requirements. Please contact the planning department staff with any questions. They will be happy to assist.

If, however, one or more of the above does apply, then you need to start the permit application process. The Town of Rolesville contracts with Wake County to do all building inspections. Rolesville staff assists in the application process and performs zoning inspections only. No structural inspections are completed by the Town...they are completed by Wake County staff. When applying for a permit, there are three main things that need to be submitted:

#### 1. The Application

This form can be picked up at the Planning Department in Town Hall or can be downloaded from the Town’s website. It contains several parts that vary depending on what improvements are being done and whether or not the homeowner is performing the work. Please contact Planning Department staff to verify all required applications.

#### 2. The Plans

You will be required to submit at least two sets of plans for the proposed improvements. These plans must be drawn to North Carolina State Codes. They do not, however, have to be drawn by an engineer or architect. Any questions pertaining to the North Carolina State Code should be directed to the Wake County Building Inspector. Please check with Town Staff about plans because some improvements may not require plan submittal (i.e. minor electrical, plumbing, and mechanical improvements). Improvement plans should contain, at a minimum, the following:

*Foundation and first floor framing:* showing all specific wall footing width and depth of pour; detailed foundation wall size and construction type; wall construction size and type of construction; floor slab details; pier and footing sizes with dimensions for their location and spacing; girder sizes and locations, floor joist directions, bearing, size, spacing, and species; foundation vent calculations and foundation access door size and location; and anchor bolts.

# Planning Department

**Floor:** showing location and size of walls, windows, doors, stairs; beams and headers with their supports and attachments; ceiling plan with ceiling joist directions, size, species, and spacing.

**Roof:** showing direction, size, species, and spacing of rafters as well as special ridges or support for vaults, cathedral areas, and valley supports; roof vent calculations and roof coverings; Layouts are required for all but the simplest roof designs when manufactured roof trusses are to be used.

**Electrical, Mechanical, and Plumbing:** showing the locations of all electrical outlets, air vents, units, sinks, bathtubs and showers, and toilets.

**Miscellaneous Information:** showing insulation values for floors, walls, and ceilings for conditioned spaces; attic access, elevations, and calculated areas for finished floor spaces and garages; fenestration calculations are required and must be provided on all plans with conditioned spaces and structures within more than 15% fenestration must show a method of energy compliance with NC Energy Code Chapter 5; assumed mean roof height.

### 3. The Site or Plot Plan

There must be two copies submitted of the site plan showing how the improvements are located on the property. The plan does not have to be drawn by an engineer or architect. When submitted, they must include:

- A. The scale
- B. The north arrow
- C. The property lines
- D. The easements (include the location, width, and description)
- E. The flood plain & Neuse River Riparian Buffer
- F. Any existing structures
- G. Proposed structures (show dimensions of structure; distance from all property lines, right-of ways, easements)
- H. The driveway
- I. STEP System Utilities

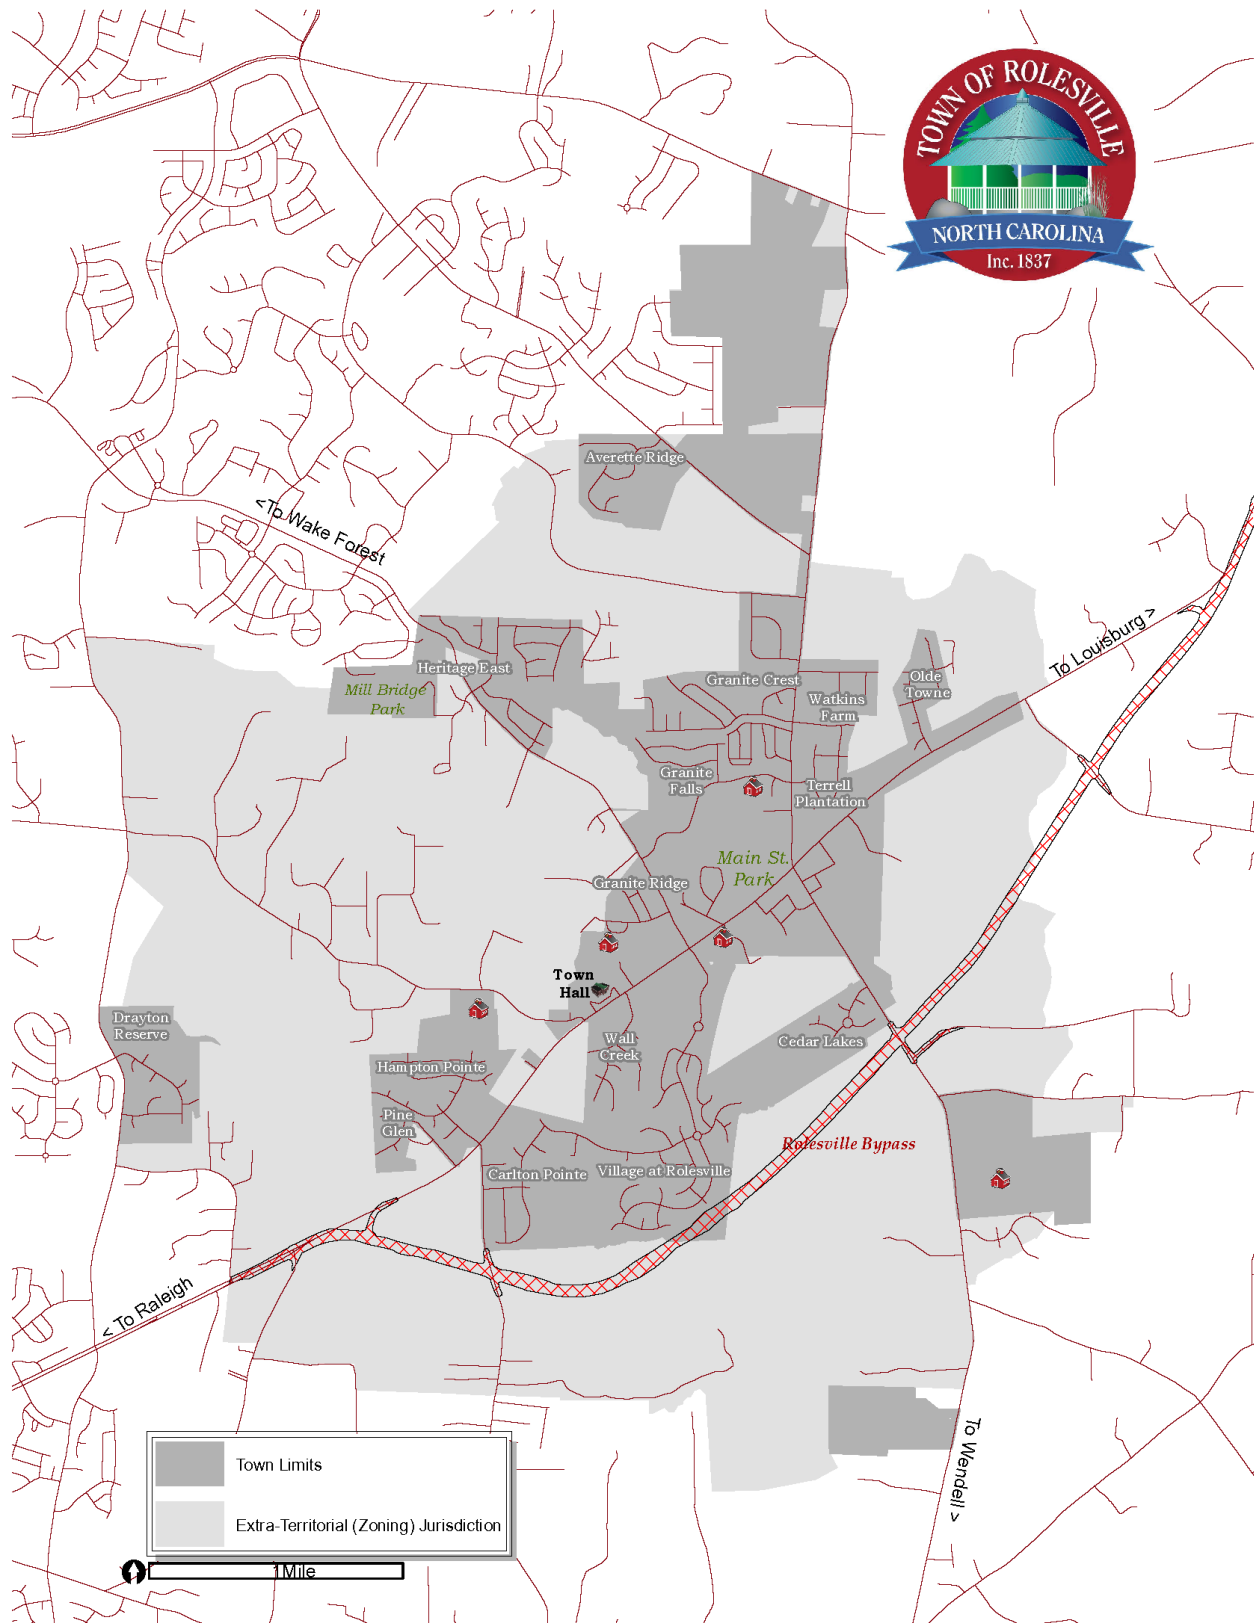

### STEP THREE

You must now submit the building permit application, copies of the building plans, and copies of the site/plot plan. You do not pay any fees at this time. All fees are paid when the permit is approved and released. Once everything is submitted, the packet will be reviewed here in Rolesville by a Wake County Building Inspector. After zoning approval by the Rolesville staff and plan approval by the Wake County Inspector, you will be notified and given the permit cost. If the permit is denied or if the Inspector needs further information, a list will be given to you stating what is needed.

A schedule of the Wake County permitting fees is available at Town Hall or on the Wake County website at ([www.wakegov.com](http://www.wakegov.com)). When picking up the permit, you will most likely need to have TWO checks. One check must be made out to Wake County (for inspection fees) and one check to the Town of Rolesville (for any site plan review, processing, or associated impact fees).

## Operation Porch Light

The Town of Rolesville Police Department works very hard to keep our citizens safe. To assist in this, the Police Department started the program “Operation Porch Light”.

The goal is to help our citizens by being pro-active and prevent crime before it happens. The Police ask that EVERYONE in town turn on their front porch lights,

driveway lights, backdoor lights, etc. EVERY night. The purpose is to increase awareness of safety. The more our community is lit up, the less areas there are for criminals to hide.

The Police also encourage our citizens to deter auto break-ins. This criminal activity usually happens when there is something left in the car worth stealing. Most larcenies from cars are “crimes of opportunity” that could be prevented by taking some preventative steps.

As part of Operation Porch Light, the Town of Rolesville offers the following tips to our citizens:

**Turn on your exterior porch and driveway lights.** By turning your lights on at night, having them set on a timer, or having motion sensor lights is a great crime deterrence. If your driveway is bright enough for you or your neighbors to see your vehicles, your cars are less likely to be targeted by thieves.

**Lock ALL of your vehicle’s doors.** This is true even if you plan on only being gone for “just a second”. Remember, it only takes seconds to steal items from your car. It’s not uncommon, for thieves to walk down a row of parked vehicles, looking for unlocked doors. Also, make sure car windows aren’t left open.

**Don’t leave valuables in your vehicle.** You’d be surprised how often this happens, but individuals leave valuable items in plain sight all the time. If you leave items in your vehicle and they’re visible, the chances your vehicle will get broken into, increase greatly

**Place items out of sight BEFORE reaching your destination.** Someone may be watching when you put your valuables under a seat or in the trunk and the moment you’re gone, a thief could break into your car. So place those items in a safe place before you get to the park, grocery store, etc. Valuable items that thieves target are GPS units, MP3 players, credit cards, money, packages and so forth. If you can’t take the items with you, secure them in a safe place in your vehicle, like a locked glove compartment or your trunk.

**Avoid leaving packages or shopping bags out in the open.** Lock them into your trunk, if you have to leave the vehicle unattended. Never open a trunk, fill it full of valuables, close it, and then just walk away.

**Park in busy, well lit areas.** Pick a parking spot where there is a lot of activity. Auto thieves prefer breaking into cars in isolated areas.

**Alarms or anti-theft devices work.** Thieves are usually looking for the “easiest” target. If your car has an alarm, it could act as a deterrent.

**Don’t leave spare keys in your vehicle:** An experienced thief knows all the hiding places. Store spare keys elsewhere, possibly your wallet or purse.

**Call police immediately.** Provide a complete description of the items taken. Also provide license plate number, make and model of vehicle, year and color, plus VIN number and insurance company

**Keep good records.** Keep a record of the VIN number, license plate number, and insurance information in your wallet or purse.
